

Coalition for Physician Enhancement (CPE) Webinar Series Presentation #2!

Assessing the Aging Physician: Policies and Processes

Tuesday November 8, 2016, 9 AM CDT

Presenters: David Bazzo, MD (UCSD PACE Program) and Marcia Lammando, RN, BSN, MHSA (Pennsylvania Lifeguard Program)

Course Director: Rob Steele, MD (Texas A&M University College of Medicine)(

CME/Planning: Henry Pohl, MD (Albany Medical College)

Webinar hosted by: KSTAR, Rural and Community Health Institute, Texas A&M University College of Medicine

At the end of this program, participants will be able to:

1. List the current United States age-based competency based screening methodology relating to a physician's professional duty requirements
2. Discuss the impact of age related physician professional deficits on societal needs
3. Discuss the legal ramifications of age related deficits on practice and outcomes.
4. Review the current evidence regarding physician performance with increasing age.
5. Identify and define the current evaluation tools and measures for assessment of the aging physician
6. Differentiate between a screening evaluation of a physician and an evaluation "for cause".
7. List and discuss currently institutional policies for age-based screening
8. Recognize the controversies, risks, and benefits of age-based competency assessment
